

## From Diagrams to Orders. Fast, Clear, Instant.

Let customers click parts in diagrams, view specs and pricing, and order accurately with PikClx on your CX1 CIMM2 site.

The PikClx integration for CX1 CIMM2 digitizes diagrams, extracts BOMs, and creates interactive, AI-powered parts catalogs. Customers can visually find and order parts with confidence, reducing returns, lowering support needs, and increasing order value.

*Supported on CX1 CIMM2*

### Real Problems, Real Solutions.

- |  |  |
|--|--|
| <ul style="list-style-type: none"> <li>⊗ Manual catalogs and static diagrams make it hard for customers to find the right parts</li> </ul> | <ul style="list-style-type: none"> <li>✓ PikClx transforms diagrams into interactive visuals, so users tap components to view part details, specs and pricing</li> </ul>           |
| <ul style="list-style-type: none"> <li>⊗ Out-of-date part data leads to mis-orders and returns</li> </ul>                                  | <ul style="list-style-type: none"> <li>✓ PikClx offers AI-driven digitization and real-time updates, keeping parts info current</li> </ul>   |
| <ul style="list-style-type: none"> <li>⊗ Customers lack visual context and skip buying when unsure</li> </ul>                              | <ul style="list-style-type: none"> <li>✓ Interactive diagrams + part numbers + specs = self-service ordering confidence</li> </ul>   |
| <ul style="list-style-type: none"> <li>⊗ After-sales isn't treated as a strategic revenue channel</li> </ul>                               | <ul style="list-style-type: none"> <li>✓ PikClx enables you to surface existing customer parts-order potential and tap new lifetime value via your CX1 CIMM2 storefront</li> </ul> |

### How You Benefit

- ✓ Turn your CX1 CIMM2 site into a visually rich, interactive parts-catalog experience
- ✓ Drive higher parts-order volume by helping customers find exactly what they need quickly
- ✓ Reduce return rates and support calls thanks to clearer diagrams and correct SKUs
- ✓ Unlock aftermarket and service-parts revenue with minimal extra friction
- ✓ Leverage a modern solution built for distributors, manufacturers and eCommerce parts flows

Ready to convert diagrams into orders and parts-challenges into profit?
