

## The Boardroom

RamGupta

POSTED: MARCH 01, 2016

**Unilog**, Wayne, a global technology company specializing in e-commerce and enriched product catalogs for the B2B marketplace, has named Silicon Valley technology strategist **Ram Gupta** to its board. He had been president and CEO, then executive chairman, of Cast Iron Systems. He is chairman of the board of Aryaka Networks and also sits on the boards of Progress Software, FusionOps, Unmetric, Simplilearn, and Uniken Inc. He has guided strategic direction and initiatives for high-growth technology companies, ranging from chip design to application software, such as PeopleSoft, WebMD, and IBM.
